Campus news

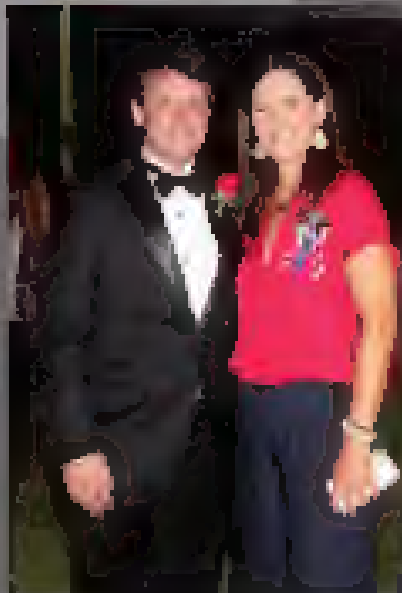

A historical women's soccer season. A library renovation grant. A new building acquisition. New partnerships. The list goes on...Holmes Community College is always advancing and growing!

campus news

DR. JIM HAFLEY

Holmes County native Dr. Jim Hafley is the ninth president of Holmes Community College. Over the tenure of his presidency, he has been instrumental in the growth of the college. During the 2019-20 school year, he signed a memorandum of understanding with Mississippi State University to formalize partnership programs for students enrolled in

technical education programs.

In other exciting news, Dr. Hafley had the honor of celebrating alongside the college as the Lady Bulldogs soccer team captured the team's first M&JJC State Championship as well as the Region XXIII Championship title.

Holmes has continued growing, as well. The Board of Trustees approved the purchase of a 7,000 square foot health club in Kosciusko. Dr. Hafley's goal is to continue looking for other strong, existing health facilities throughout the college's district to acquire with an end goal of having local facilities in the cities to employ local workers and students while being profitable.

McMorrough Library on the Goodman Campus will be undergoing major renovations, as well, thanks to a grant from the National Endowment for the Humanities (NEH) Infrastructure and Capacity Building Challenge Grant. The NEH grant will provide the Development Foundation with \$231,849, and the Development Foundation will be responsible for matching these funds through donations. The five-year plan is to renovate the 1975 structure's interior spaces and their contents. The new multidimensional spaces projected by the McMorrough Library and Archives Renovation Project will advance the library to become an innovative

leader among Mississippi's 15 community college libraries. Additionally, the Development Foundation also launched a new opportunity for Mississippi residents, especially alumni, employees and friends to show their support of Holmes with a specialty car tag.

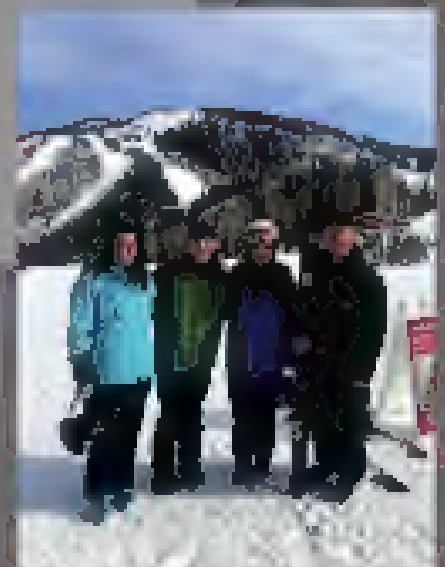

"Whether we are celebrating our women's soccer team winning its first state championship or leading Mississippi to embrace all technical credits for transfer, it has a common theme: Holmes provides an affordable, friendly environment for all Mississippians to learn and achieve at a very high level, and ultimately change their lives for the better," Dr. Hafley said.

Other major accolades during the tenure of his presidency include the celebration of Holmes' 90th anniversary, the opening of the new location in Ypsco City, the opening of the Arts Center in Grenada and the purchase of the former Fitness Lady as well as prime I-55 highway access in Ridgeland. Holmes has also undergone a number of updates and renovations on each campus, including beautiful new campus signs, walking tracks, updated classrooms and an auditorium and updated patio in Grenada.

Frank Branch Coliseum in Grenada underwent major renovation, and now has a new look to the court and a completely re-designed entrance. The soccer stadium in Ridgeland has new signage, as well.

Holmes also became the first community college in the nation to offer PSY 2643 Applied Behavior Analysis, an online course that counts toward the 40 hours of training needed to apply for the Registered Behavior Technician credential. In 2018, Holmes set up a partnership with Ingalls Shipbuilding, as well, to offer new training.

A '57 Holmes alumna, Dr. Hafley is an active member of the community. He serves as legislative co-chair of the MACJC and is a member of the Central Holmes Christian School Board. He is an outdoor enthusiast and avid golfer, as well. He and his wife, Rae Anne, a pharmacist at Howell and Haggie Drug Co. in Durant, have two children: Hayley and Hudson, both of whom attend Central Holmes Christian School in Lexington.

Renovations

The Granada Campus completed their courtyard addition to the outdoor space next to the Campus Grill.

The courtyard now provides a place for students and faculty to go to enjoy the outdoor air during their down time. The empty space has been there since the buildings were built in the 1980s. Granada Campus Vice President Dr. Michelle Burney wanted to make use of the space in a productive way.

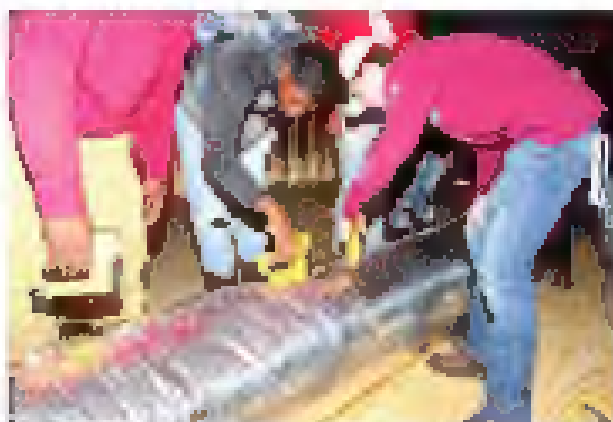

"We wanted to do something creative with the dead space in the heart of the campus and this idea provided several solutions to things our campus needed," Burney said.

The outdoor space is fully covered with a custom wood ceiling pavilion supported by western cedar beams. The outdoor space is well lit with recessed lighting. The landscaping and other elements such as iron picnic tables really make the once-dull grassy spot a lavish place to be on a beautiful day.

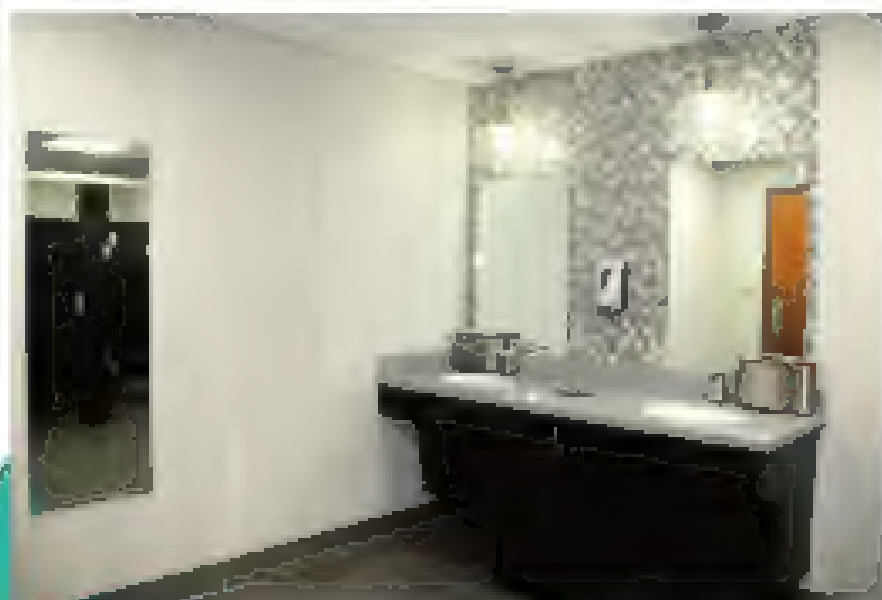

No matter what the weather, the area can be used because they have fans for warm days and the area is well isolated to provide a cozy place out of the winter winds.

Pictured are (left to right) James Wilks, Madison Davis, Braden Miphone and Ashley Harkins enjoying Granada's new patio.

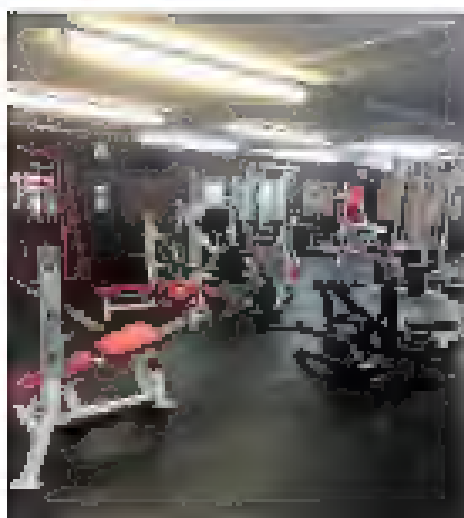

Jeffrey Cotten and students in the Heating, Ventilation, Air Conditioning (HVAC) & Refrigeration Technology program on the Goodman Campus helped install new heat and air-conditioning units in the new maintenance building on the Goodman Campus.

All across the district Holmes buildings underwent renovations, including the restrooms. Here is one of the women's restrooms on the Holmes Ridgeland Campus.

& additions

The Holmes Board of Trustees approved the purchase of a 2,000 square foot health club on Highway 12 in Kona, Hawaii. It is the former Swoh's gym location.

The college's strategy in purchasing this is to maintain a visible presence in the local community, and afford Holmes students, employees and community the ability to work out. Holmes plans to continue charging membership fees to the community, and using the estimated profits to maintain excellent equipment and hire friendly staff without costing the college funds. The college's goal is to continue looking for other strong, existing health facilities throughout Holmes' district to acquire. The end goal is to have local facilities in the college's cities that can showcase Holmes' standards and employ local workers and students while being profitable.

Holmes Community College Development Foundation, Inc. has been named as one of the 2020 grant recipients selected by National Endowment for the Humanities (NEH) Infrastructure and Capacity Building Challenge Grant on behalf of the McMorrough Library and Archives. The Holmes Development Foundation sought the NEH matching grant to strengthen and aid the library in warranting excellent humanities provisions.

The NEH grant will provide the Development Foundation with \$231,840, and the Development Foundation will be responsible for matching these funds through donations.

Holmes introduces HCC CAR TAGS

Holmes Community College Development Foundation has launched a new opportunity for Mississippi residents especially alumni, employees and friends to show their support of Holmes through their daily travels. Holmes is the only community college in the state of Mississippi with a specialty car tag. Danny Chandler, a 1989 Holmes alumna and member of the Legacy Club, suggested Holmes partner with the Mississippi Tax Commission to promote the college and raise funds simultaneously by establishing an official HCC specialty license plate.

"It is a difficult challenge where so many with the same goals are competing for the same dollars, the Holmes car specialty tag is a way of receiving passive income for the school while at the same time allowing students, faculty and staff to show Bulldog (Go Dogs! pride." Chandler said. "Holmes graduates are dispersed throughout Mississippi. The tag will be a way of identifying our extended family more easily. The truth is, there really is 'No place like Holmes.'"

The specialty license has a clean, simple design that clearly highlights the Holmes brand and includes the college's prominent catchphrase "No Place Like Holmes." Tags are

numbered as they are purchased. The cost of the tag is \$53 plus the cost of your regular tag in the county in which you live and each has a mailing fee and convenience fee when turning a debit card. After the first year, the cost is \$10 to renew your tag plus your normal cost. Once the tag is purchased, the Holmes Community College Development Foundation, Inc. will receive \$32.50.

"The money generated from the Holmes license plates will help the foundation ensure the ongoing success of its many efforts of support," said Dr. Linda McGill, vice president of institutional research and student affairs and executive director of the HCC Development Foundation.

The HCC Development Foundation was established more than 45 years ago to represent the nine-county district the college serves. Its purpose is to provide funds for scholarships for students attending Holmes as well as provide funds to support educational activities of the college and sponsorship of capital improvement campaigns.

"The Holmes license plates are a great way to show Bulldog pride everywhere you go and at the same time help support Holmes," said Coordinator of Alumni Affairs Katherine Elford.

Holmes celebrates

Wool Nov Day

Wool Nov Day is a day where students and teachers wear wool clothing to support the wool industry. It is a great way to show our support for the wool industry and to learn more about the benefits of wool.

Lady Bulldogs Soccer makes School History

The Holmes Community College Lady Bulldogs were on a roll this year, making it to the NJCAA Gulf South District Championship for the first time in the college's history. Although the No. 14 Lady Bulldogs fell 7-1 to No. 3 Tyler Junior College in the District Championship, they finished the record-breaking season 18-3 overall and captured the team's first MACJC State Championship and Region XXIII Championship along the way. Following the match against Louisiana State University - Eunice that made the Lady Bulldogs Region XXIII champs, Head Coach Matt Converting was named Coach of the Year, as well. This was also the team's fourth North Division Championship in a row.

Mackenzie Thompson passes the ball to Camie Ellis, ending in a point for the Bulldogs at the NJCAA Gulf South District Championship Game against Tyler Junior College on Nov. 9.

Holmes got on the scoreboard in the NJCAA Gulf South District Championship Game against Tyler Junior College thanks to freshman forward Camie Ellis.

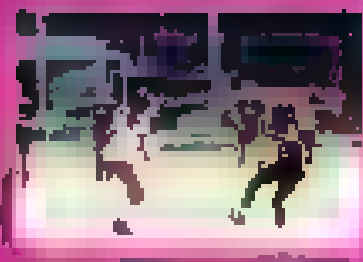

Cameron Gladney takes over the ball during the NJCAA Gulf South District Championship Game against Tyler Junior College on Nov. 9.

The Lady Bulldogs are all smiles after their 6-0 victory over LSU-Eunice that makes them the 2019 Region XXIII Champions on Nov. 2.

Zoe Eric goes all out to help the Lady Bulldogs win the college's first MACJC Championship with a 3-1 win over the Suwannee Community College Lady Indians on Oct. 29.

Holmes, MSU Sign MOU for Bachelor of Applied Science degree program

Mississippi State University and Holmes Community College signed a memorandum of understanding on 10/27 to formalize partnership programs for students enrolled in technical education programs. The agreement outlines a pathway for Holmes students to complete MSU's new Bachelor of Applied Science (BAS) program, leveraging the strengths of both institutions to provide more opportunities in technical education and meet current and future workforce demands.

"We need more two-year and four-year graduates to move Mississippi forward," MSU President Mark E. Keenum said. "By working together, we believe we'll be able to better assist our fellow Mississippians in gaining the education they need to compete for the jobs of the 21st century. We are committed to helping

all of our BAS students excel, succeed and earn a bachelor's degree building on the excellent foundation they have been given at Holmes.

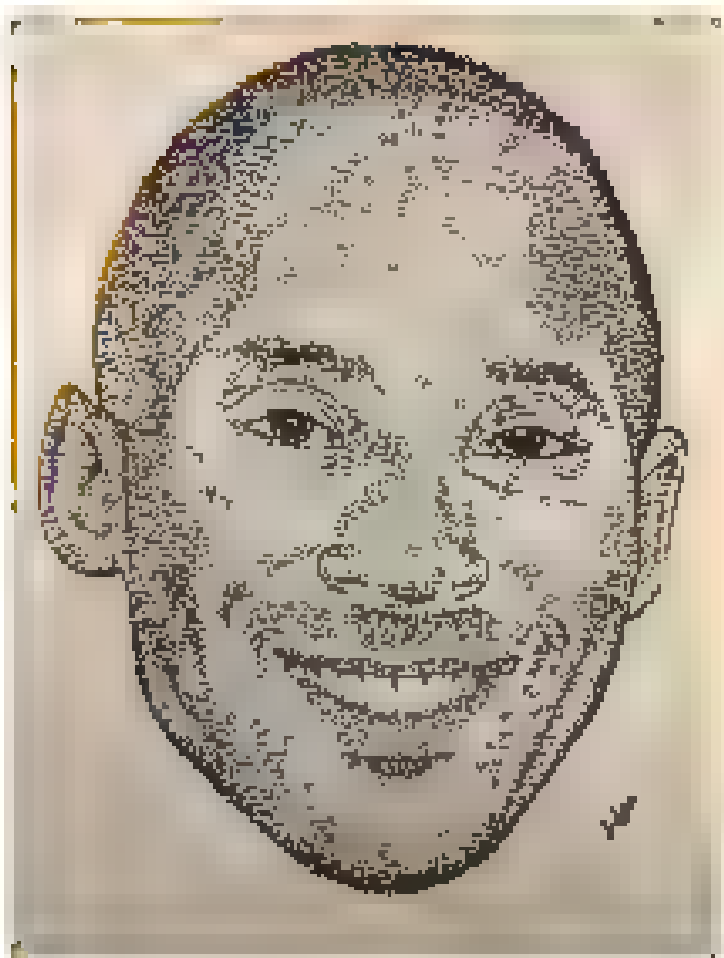

"Our economy and workforce are changing rapidly, and education has to be willing to be innovative. Flexible and practical in its service to students will try to do the same," Holmes President Dr. Jim Haffey said. "The simultaneous opportunity for a whole new group of students to obtain a bachelor's degree on top of valuable technical degrees and skills they have already mastered," also provides options for those pursuing a bachelor's from the beginning to take more practical courses with specific skills during their freshman and sophomore years. "We applaud Mississippi State for continuing to be an innovative leader in providing pathways for all Mississippians."

MSU launched its Bachelor of Applied Science program in August of 2019, expanding the university's acceptance of technical credit from community colleges and military training. It is intended to serve the needs of adults who have completed a technical associate's degree program through a community college or the military and need additional education to advance their careers. The agreement between MSU and Holmes outlines which courses must be completed at each institution to fulfill degree requirements. An MSU advisor will assist in guiding Holmes students through Bachelor of Applied Science program pathways. Additionally, Holmes and MSU-Meridian will work together to provide classroom space for the delivery of synchronous online courses.

Students enrolled in the Bachelor of Applied Science program will have access to advisors from MSU-Meridian and MSU Online. Credits in the degree program can be earned through online or in-person courses, providing the flexibility that has become a hallmark of MSU's nationally-ranked online offerings.

Article from MSU Office of Public Affairs

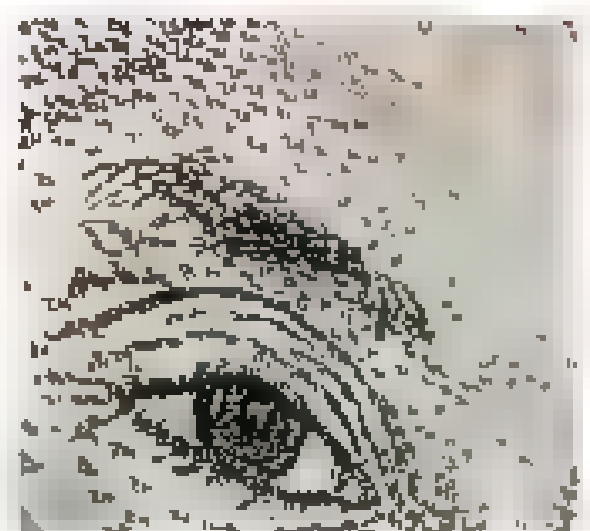

Holmes alum gains recognition for portrait of Kobe Bryant

Sam Ingram

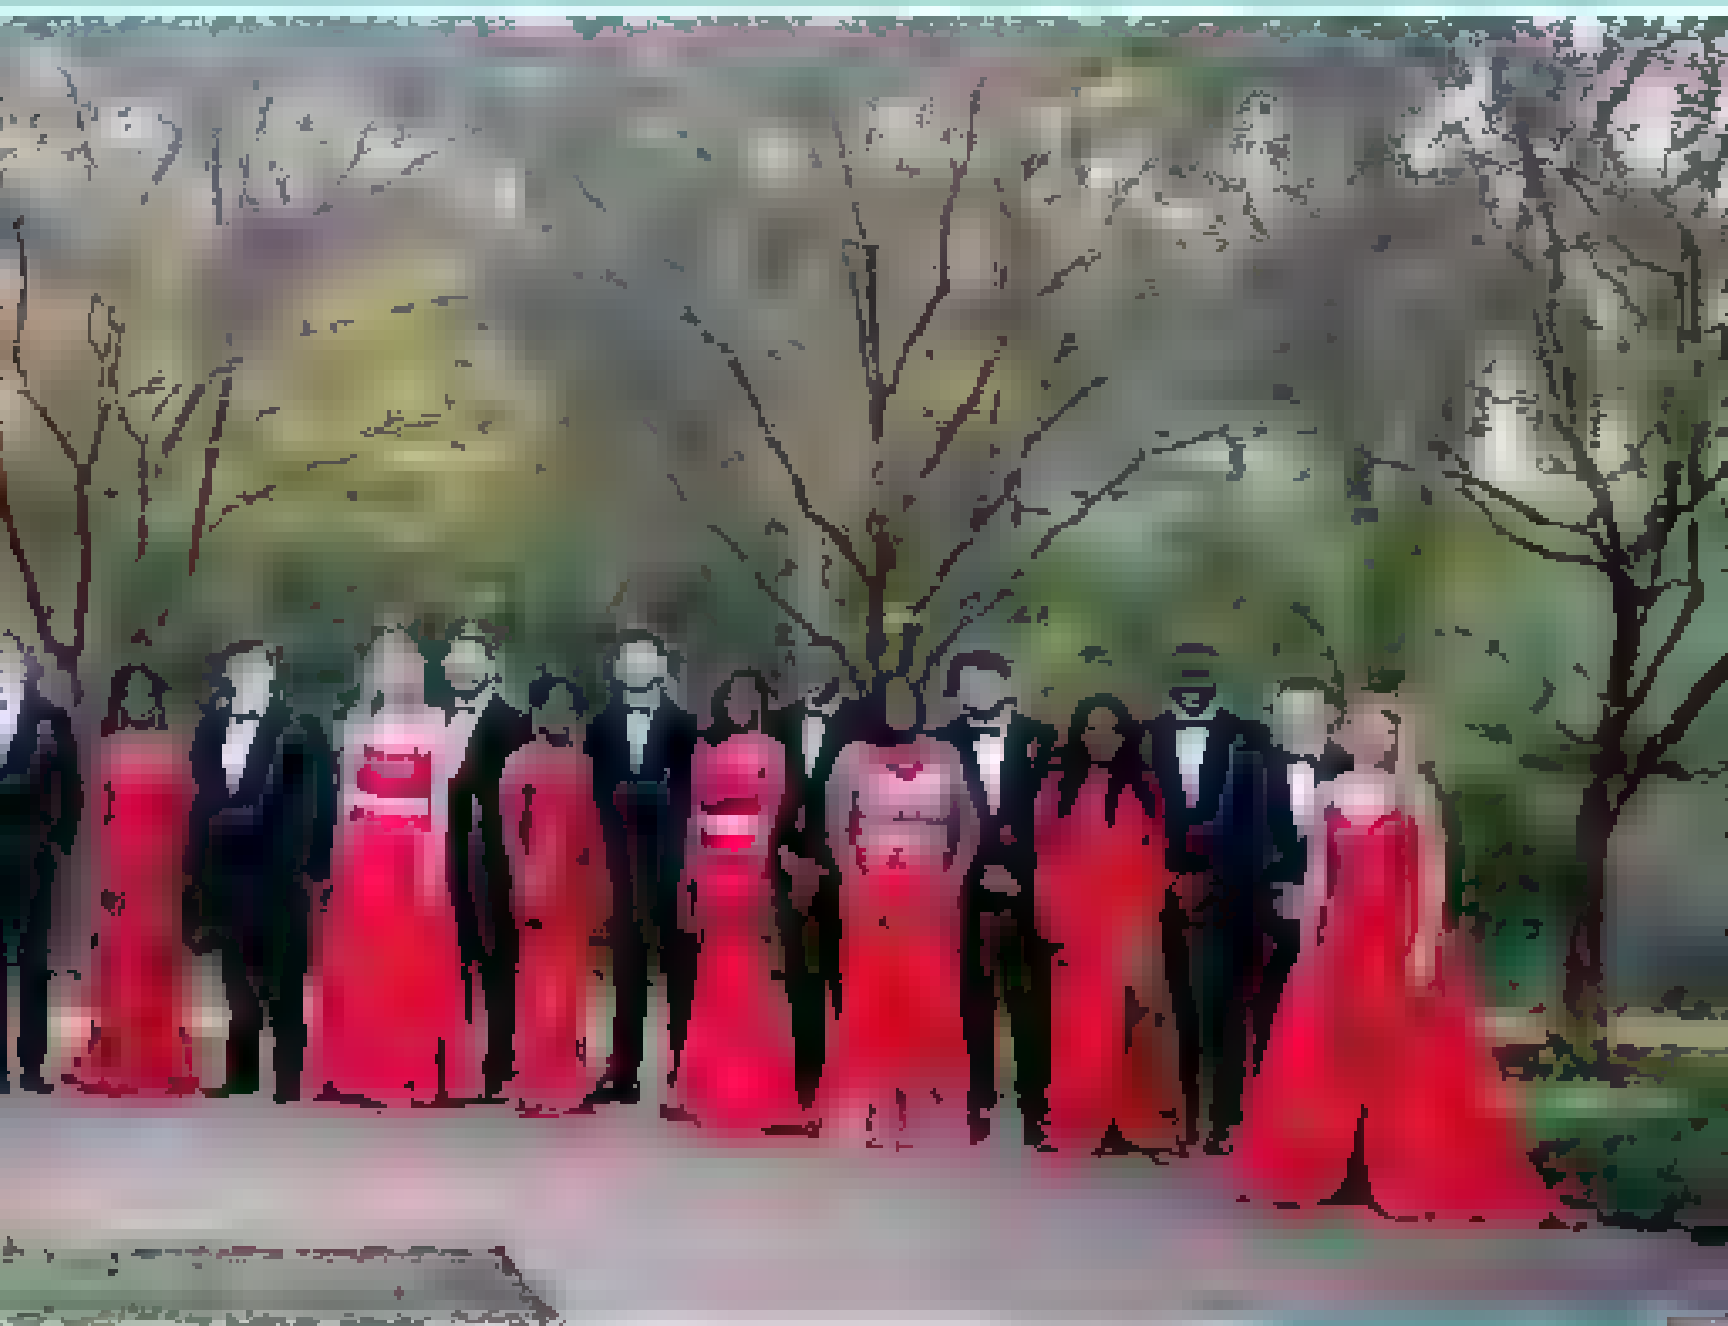

Not only does Holmes alumnaus Sam Ingram of Madison make his mark on the football field, he also does in the art world after one of his pieces honoring the late Kobe Bryant went viral. Ingram, now a pre-med/biology major and football player at Mississippi College, played center on the football team for the Holmes Bulldogs during the 2017 and 2018 seasons.

Following Bryant's untimely death, Ingram drew a portrait of him only using the number 24 as the background. Some 15 hours later and up to 8,000 No. 24s, he had a perfect likeness of Bryant. During the drawing process, he recorded a time-lapse video and posted it on his social media sites: Instagram, Twitter, and TikTok. The images and video posts blew up on social media and Bleacher Report on Twitter asked him for more images.

HOMECOMING

Homecoming

HOMECOMING 2019

On Oct. 24, Holmes Community College hosted its annual all-day Homecoming celebration on the Goodman Campus. Lily Kate Saxton was crowned 2019 Homecoming Queen at halftime. Holmes

Alumni Association President Dr. James Young presented her flowers and a bouquet to the new President, Andy Wood presented her flowers. Saxton was escorted by Britt Grace. Prior to the Homecoming Court presentation, the Holmes Marching Band, directed by Jeffrey Brown performed on the field.

The rest of the Goodman Campus court included Student Body Maid Selena Carson and her escort Trey Johnson, Sophomore Maid Tiana Leikora and her escort Matthew Mann, Sophomore Maid Kaley Saxton and her escort Paul McGraw, Freshman Maid Melissa Williams and her escort Clyde Dixon, and Freshman Maid Anna Claire Wyatt. The rest of the rest of the Goodman Campus Homecoming Maids were as follows: Student Body Maid Isabella Wade and her escort Wesley Jacobs, Sophomore Maid Destiny Maxwell and her escort Xeric Wyattson, Sophomore Maid Brandi Palmer and her escort Mario White, Freshman Maid Amanda Jacobs and her escort Landon Kinney, and Freshman Maid Daja Sloan and her escort Colby Mozes. Finally, Grenada Campus Maids were: Student Body Maid Ivey Devine and her escort Austin Hager, Sophomore Maid Princess Allen and her escort Zach Castillo, Sophomore Maid Diamond Hazzard and her escort Anioline Taylor, Freshman Maid Kristen Bishop and her escort Jordan Simmons, and Freshman Maid Ashlyn Rex and her escort Colton Rees.

This year's football game against Coahoma CC kicked off at 3 p.m. and the Bulldogs won, 49-16. The Homecoming Honorees were recognized on the field. Honorees included Dr.

and Mrs. Franklin Branch, Jr., Alumni of the Year Sherman Lane Miller, Young Alumni of the Year Mr. and Mrs. Charles Allen Putnam, Distinguished Service Award recipients and

Homecoming activities for the day began with a Fun Run hosted by both the OTA program and the PTA program. Next, there were inter-squad scrimmages for the softball and baseball teams followed by basketball scrimmages. Academic Programs and Career Technical Education hosted a Career and Transfer Fair and at the same time Workforce Development hosted "Major's Truck Expo" with all the big industry vehicles on display.

The honorees were recognized at 10 a.m. followed by a performance from Connection! and the Holmes College Choir. Programs and Career Technical Education divisions also hosted a lecture series on career development by Dr. James Young. MSU's Bagley College of Engineering and Dudley Moore from the University of Alabama. They presented, "STEM Career Opportunities." A panel discussion titled, "Why Should I Care? Empathy Across the Community" was also held at 11 a.m.

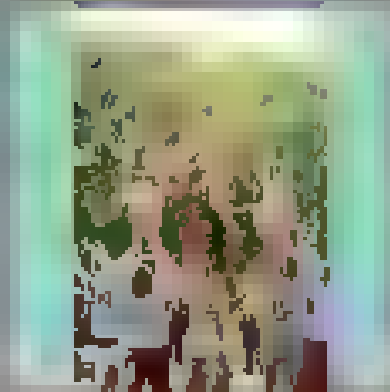

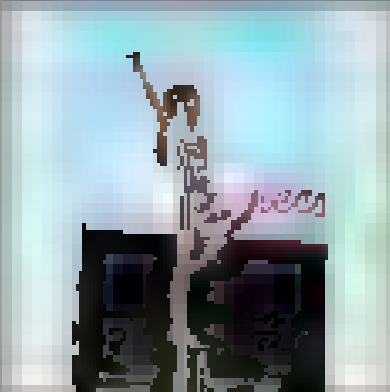

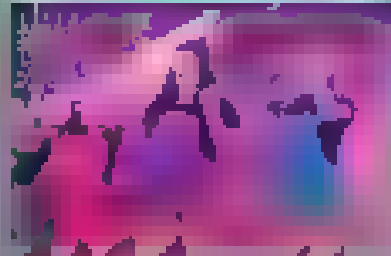

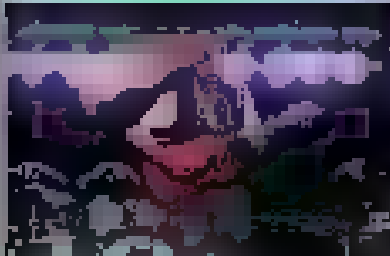

One of the noon presentations was "Professionalism in Health Science" presented by the Holmes College Health Sciences Department Association. The other one was "STD Prevention for College Students" hosted by Odessa Simon, a member of the Holmes College Health Sciences Department.

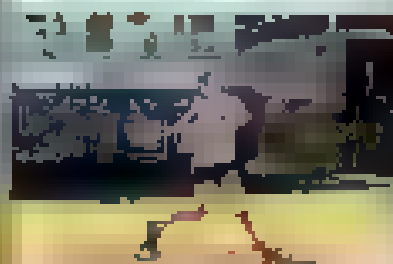

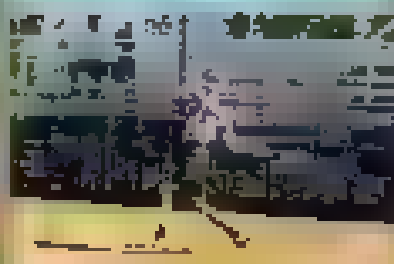

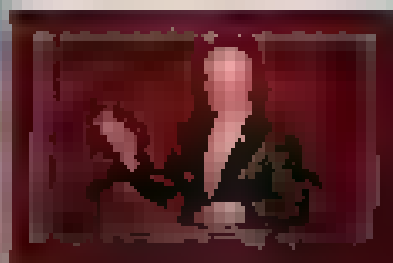

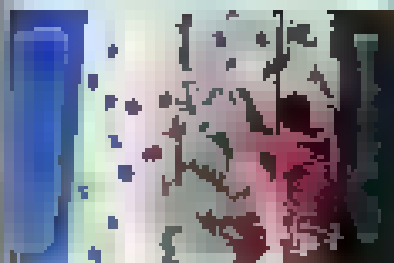

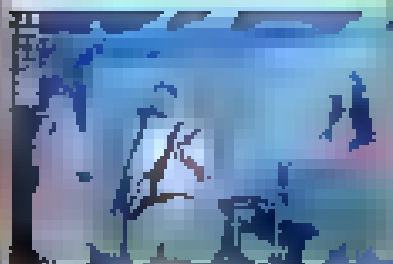

Other activities included food trucks, games in the Grove, a performance by the Chorale and juggling. Following the game, attendees enjoyed concerts presented by East of West, Leith Loftin and Azalea. Leading up to Homecoming, all campuses showed their school spirit with Homecoming Week. Monday was Homecoming Day, Tuesday was Western Day, Wednesday was Neon Day and Thursday was School Spirit Day.

STUDENT HONORS

STUDENT HONORS

Mr. & Miss Holmes

Ridgeland Campus

Mr. and Miss Holmes for the Ridgeland Campus are Landon Kinney and Brandi Palmer, both of Jackson.

Kinney, son of Stephanie and Michael Kinney, is a graduate of Jim Hill High School. He is an Ambassador Student Government Association (S.G.A.) treasurer, a member of the S.G.M. Club and of the Social Science Club. His hobbies include exercising, helping other people and coding/modeling. Kinney also serves as a Sewport Counselor as a way to serve his community. His future plans include becoming a successful family nurse practitioner.

Palmer, daughter of Dana and Don Palmer, is a graduate of Ridgeland High School. She is a member of Phi Theta Kappa honor society and was elected as a Sophomore Homecoming Maid. Palmer works in retail at Nordstrom Mall and is a member of Aldersgate United Methodist Church. She enjoys doing makeup on herself and others, spending time with friends and family and traveling around the world. After Holmes, Palmer plans to further her education at Tougaloo College.

Goodman Campus

Mr. and Miss Holmes for the Goodman Campus are Michael Harris of Ruleville and Tiara LeFlore of Jackson.

Harris, son of Linda Harris and Cedric Sampson, is a graduate of Ruleville Central High School. At Holmes, he plays basketball and is a member of Phi Theta Kappa. Harris also attends Delmar Church of Christ and serves as a BB KING ambassador. Upon graduation from Holmes, he plans to attend the University of Southern Mississippi where he will be a pre-dental major. Afterward, he plans to further his career as a dental hygienist.

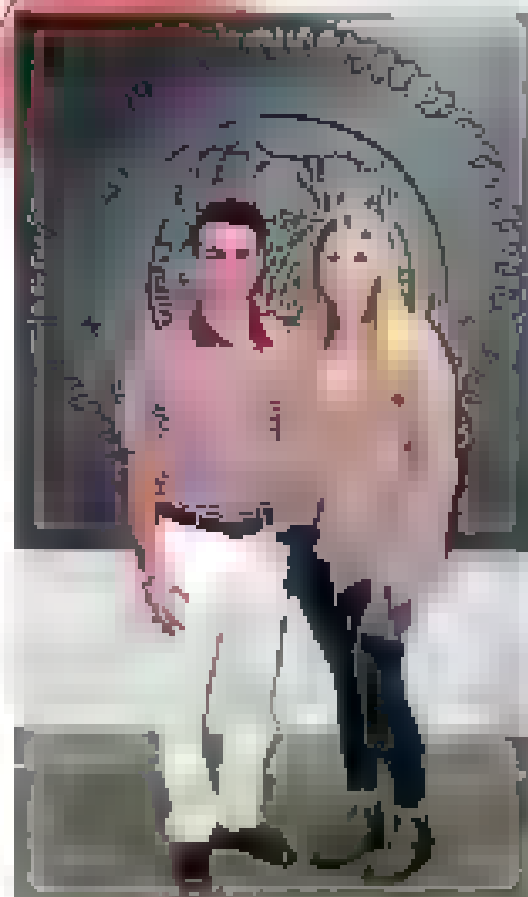

LeFlore, daughter of Tanveka and Eddie Dinkins, is a graduate of Terry High School. She is a journalism major and member of the Growl newspaper staff and Horizons yearbook staff. LeFlore is also Student Government Association president, a member of MOSAIC, and involved in theater, the Holmes Connection, and Chorus. In her spare time, she enjoys working in ministry, reading, writing, poetry, traveling, becoming closer to God, and hanging out with friends. Upon graduation from Holmes, she plans to attend Jackson State University.

Grenada Campus

Mr. and Miss Holmes for the Grenada Campus are Cale Gatlin of Mabon and Madison Davis of Grenada.

Gatlin, son of Jennifer Bureson and Michael Gatlin, is a graduate of East Webster High School. He is a work-study student for the Admissions Office and an active member of Phi Theta Kappa honor society. Off campus, he volunteers at Grenada schools with the science and reading fair. Upon graduation from Holmes, he plans to attend Mississippi State University to pursue his bachelor's degree in kinesiology.

Davis, daughter of Elizabeth Fleming and Daniel Davis, is a graduate of Grenada High School. She is also a member of Phi Theta Kappa and is employed as a florist at The Flower Company. Davis enjoys being with friends and family, traveling, and spending time in nature. She plans to complete the Associate Degree Nursing program at Holmes before transferring to Delta State University to obtain her BSN.

Hall of Fame

Ja'Laysia Roquemore Brown is a biology major and President's List Scholar. The daughter of Marlene Brown, she is active on campus as a member of the Lady Bulldogs soccer team, where she plays forward, and as a member of Phi Theta Kappa honor society. She holds a perfect 4.0 GPA and upon graduation from Holmes, plans to attend Delta State University to play soccer and continue her studies in biology.

Macy C. Gordy, the daughter of Janet Gordy and Brent Gordy, is an accounting major. She is active on campus, serving as an Ambassador, Student Government Association president and as a member of Phi Theta Kappa. Gordy was also named a Class Favorite. After Holmes, she plans to continue her education in accounting at Mississippi State University and later plans to earn her CPA license.

Baine Trace Gregg, a marketing major, is the daughter of Angie and Chris Duke. At Holmes, she is an Ambassador, Phi Theta Kappa member and manager of the Lady Bulldogs soccer team. Off campus, she is also a College Small Group leader. Upon graduation from Holmes, Gregg will transfer to Mississippi State University.

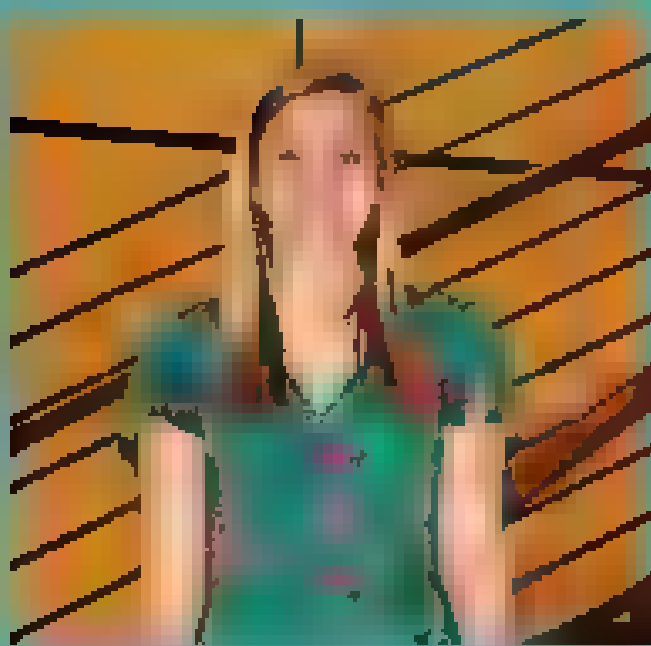

Ridgeland

Jake Ham, son of Tamr and Kiley Ham, is a general studies major who has been on the President's and Dean's List both years at Holmes. He is a Phi Theta Kappa member, an Ambassador and a member of Colonial Heights Baptist Church. At CHBC, he has served as a children's camp counselor, a Disciple Now counselor, a student intern and as a missionary for both a domestic mission trip to Jonestown and an international trip to Colombia. After Holmes, Ham will transfer to William Carey University to pursue a degree in international Business.

Caseigh Hickman, daughter of Terry and Van Hickman, is an elementary education major. She is a defender for the soccer team, a President's List scholar and Phi Theta Kappa member. Hickman has volunteered with Stewpot, First Baptist Church's food pantry, Vacation Bible Schools, the Opportunity Center and visited a senior citizen complex. She has also served as a tutor for first grade students. She plans to transfer to Delta State University and would like to become employed by Rankin County School District after earning her bachelor's in elementary education.

David Blake Humphreys, son of Holly Humphreys, is an accounting major and President's List scholar. He also serves as vice president of chapter relations for Phi Theta Kappa. Humphreys is an active member of Word of Life church where he serves with outreach ministries. During his freshman year, he also served as a member of the worship team, as part of the young adult ministry, as a guest experience host and went on a mission trip. Upon graduation from Holmes, he plans to transfer to The University of Mississippi to pursue a bachelor's degree in accounting before eventually going to JAI School of Law.

Hall of Fame

Luke Langford son of Maria Langford is a mathematics major who serves as vice president of membership for Phi Theta Kappa. He is also a Holmes Writing Center consultant, a member of STEM Club and a student volunteer for National Weather Service in Jackson. During his freshman year he worked as an assistant in the Holmes Fitness Center and performed with Mileage's Experimental Music Ensemble. Langford also received the Holmes Achievement Award in English Composition and placed in the Creative Writing Contest. After Holmes, he plans to complete both undergraduate and graduate degrees in matomology. Langford would also like to continue acting, achieve proficiency in Korean and German and travel the globe.

Peyton Montgomery, daughter of Kim and Jeff Montgomery, is an exercise science major and a captain of the soccer team. Some of her accolades include All-Region selection, Phi Theta Kappa member, HPR Student of the Year and Dean's List. She also serves as a coach at Soccer Shots, which works on character and skill-developing for children, and works part days for BFC Soccer Club. After Holmes, Montgomery plans to go to a Division II school to continue her athletics with Soccer Academically. She either wants to be a physical therapist or an orthopedic surgeon and specialize in hip preservation. Her ultimate goal is to pioneer new technology and procedures to improve quality of life, progression back to sport and longevity of their natural joint with hips in the orthopedic field.

Addison Stevens daughter of Stephanie and Richard Stevens, is a pre-medical major with a 4.0 GPA. A President's List scholar, she is active on campus as an AGT science/math tutor, a STEM Club member, a Phi Theta Kappa member and as a volunteer for Dr. Rokem Giv in the physics lab. Stevens has volunteered for multiple organizations including the Salvadoran Army, Operation Christmas Child, Lake Carolina Arts and Crafts Festival, Madison County Library and the Webster Animal Shelter. She plans to earn her bachelor's at The University of South Alabama, majoring in biomedical sciences, before continuing on to medical school.

Ridgeland

Alysia Terry, daughter of Frederick Terry, is an exercise science major and a captain of the Lady Bulldog's soccer team. She is also a President's List scholar, ACT President's Scholarship recipient and a member of Phi Theta Kappa. Terry volunteered with the soccer team, helping with Madison-Ridgeland Academy car pool, the City of Ridgeland Easter Egg Hunt and the Ronald McDonald House Charities of Mississippi. After Holmes, she plans to attend physical therapy school at University of Mississippi Medical Center and become a physical therapist.

Jacyn A. Williams, daughter of Alacie and Jemine Williams, is a marketing major and President's List scholar. On campus, she serves as an SGA representative and Phi Theta Kappa member. Outside of Holmes, she is employed with The Bridge Church and serves as a volunteer instructor for Bridge Builders Leadership Initiative. She also volunteers fundraising, consulting services at a youth afterschool program. Upon graduation, Williams plans to complete her bachelor's in marketing at Jackson State University followed by her master's in marketing from Mississippi College.

Samantha Erin Williams, daughter of Stacey and Tim Williams, is an accounting major with a 4.0 GPA. She is very active on campus as an Ambassador, Student Government Association member and President's List scholar. She was also named a Class Favorite both years at Holmes. As a freshman, Williams worked as an intern for Phi Theta Kappa Headquarters and as a sophomore, as an afternoon receptionist at Hartfield Academy. After Holmes, she plans to attend Mississippi State University and finish both her undergraduate and graduate degrees before pursuing a job in accounting.

Hall of Fame

MARY CLAYTON JURREK, daughter of Mandy and Jeff Burrell, is a pre-nursing major with a perfect 4.0. A scholar-athlete, Burrell made the President's List, was named Distinguished Academic All-State and was named First Team NJAA All-Academic for 2018-2019. She was also named MACJC First Team All-State in 2019 and Most Valuable Player for Holmes school in 2018. Additionally, Burrell is an Ambassador and member of Phi Theta Kappa. Outside of Holmes, she is a member of Greystown Church and serves as a leader for a YoungLife group. After Holmes, she plans to attend University of Mississippi Medical Center to pursue a bachelor's degree in nursing. Following nursing school, she would like to become a certified nurse practitioner and specialize in the field of dermatology.

BRYCE GRACE, son of Wendy and Bill Grace, is a civil engineering major who is extremely active on campus. Grace is a scholar-athlete, Holmes Plus scholar, President's List scholar and Phi Theta Kappa member who served as an escort for the Homecoming Queen as well as for Beauty Review. He was also named the Holmes student honoree for the 2019-2020 Higher Education Appreciation Day-Working for Academic Excellence (HEADWAE) program. Off campus, Grace is a counselor at Central Hills Baptist Retreat, a Disciple-NOW leader and part of the worship band at church. Upon graduation from Holmes, he plans to attend Mississippi State University to pursue a degree in civil engineering.

DYMECHESA T. LISKOFF, daughter of Tracy Greer and Amashua and Quentin Harmon, is a pre-law major with a 4.0 GPA. She is a member of Phi Theta Kappa, a Student Government Association representative, a member of the Social and Behavioral Honors Class and a peer mentor for Student Support Services MOSAIC club. She also received the top Academic Excellence award in MOSAIC. Additionally, Liskoff volunteered to serve Thanksgiving dinners to the senior citizens in both Attala County and Holmes County, and participated in various fundraisers for MOSAIC. Once she graduates from Holmes, she plans to attend Mississippi State University and obtain a bachelor's degree in political science. After graduating MSU, she plans to apply to law school at the University of Mississippi.

goodman

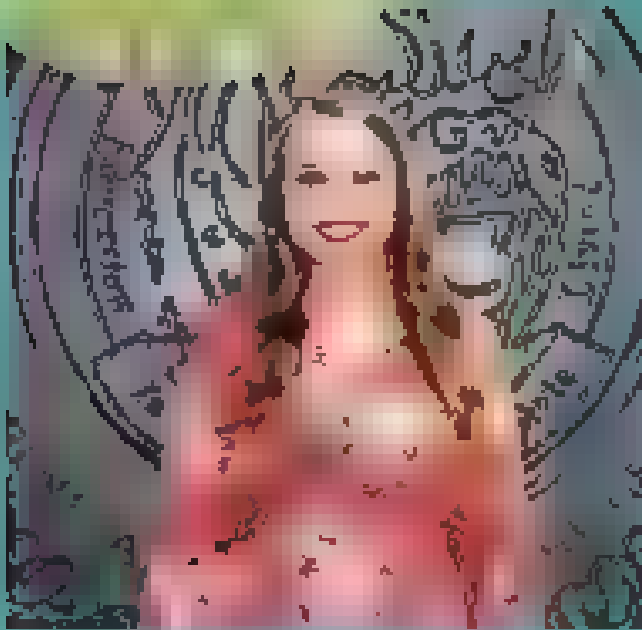

Ann McIntyre, daughter of Kathryn McIntyre and Melissa and Sean Cooper, is an accounting major who has been on both the President's and Dean's List. She is a member of Phi Theta Kappa, a scholar-athlete, a member of MOSAIC, and member of the softball team. Her last year she played both infield and outfield for the Bulldogs and as a sophomore, she served as softball team manager. Outside of Holmes, she is active in her church where she volunteers with youth groups for Bible studies and mission trips. She is also involved with various fundraisers through MOSAIC on campus, as well as fundraisers for St. Jude Children's Research Hospital. St. Jude is near to her heart as she is a patient there. She was diagnosed with Stage 2 Wilms' Tumor as an infant and wants to help others there in every way she can. Upon finishing her degree at Holmes, McIntyre plans to attend the University of Southern Mississippi and earn a bachelor's in accounting. She hopes to own her own business one day.

Brawon L. Suggs, son of Chris Suggs, is a general studies major and President's List scholar. His leadership roles include chairman of the MOSAIC Fundraising Committee, vice president of the Student Government Association and vice president of the HCC Gaming Club (freshman year). He is also a member of the marching band, the elegant band and the steel drum band, and serves as a student worker for Student Services and Student Housing. His community service volunteer work includes helping with a Eupora First Baptist Church cleanup, helping with a Gaming Club fundraiser, helping with MOSAIC's yard sale, volunteering at the Holmes basketball concession stand and participation in a FUGE camp/leading a youth ministry in South Carolina. Upon graduating from Holmes, he plans to continue his education at Mississippi State University. There he will pursue a bachelor's degree in general studies followed by a master's in higher education. After obtaining his degrees, he'd like to return to Holmes to start his career.

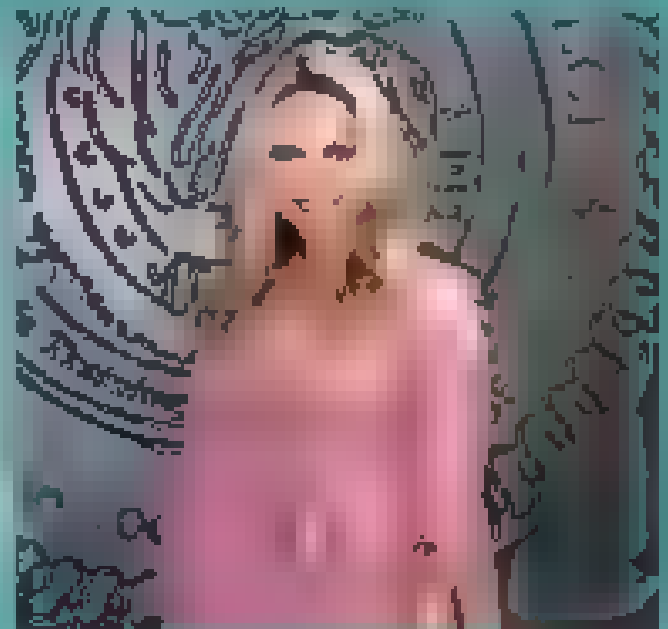

Hall of Fame

Kaitlee Beck daughter of Teri and Mark Beck is an elementary education major, a President's List scholar and vice president of leadership for Phi Theta Kappa. She also serves as an Ambassador, Student Government Association secretary and as a member of the Baptist Student Union. Beck was voted a Class Favorite both years at Holmes and participated in Beauty Pageants. Her community involvement includes serving as a judge for the Grenada School District reading and science fairs, hosting a soft skills workshop with Phi Theta Kappa and helping with Vacation Bible School at her church. Upon graduation from Holmes, Beck plans to attend The University of Mississippi (Grenada Campus) to earn her bachelor's in elementary education. Later, she plans to pursue her master's in counseling.

Raymi Cooper daughter of Melissa and Scott Cooper is a nursing major, a Mississippi Rural Water Association Scholarship recipient and Phi Theta Kappa member. She is also a member of a community service group, 20th Century Club, in her hometown of Eupora, and co-chair of the Juniorettes, a community service club based out of Eupora High School for girls in grades 7th-12th. Additionally, she's an ambassador for The Kindness Revolution and was able to share the idea of spreading acts of kindness throughout the community as a way to fight against bullying. After Holmes, she plans to attend University of Mississippi Medical Center to pursue her BSN.

Ivey Devine daughter of Shariann and Bill Devine is a psychology major on the President's List with a 4.0 GPA. She is president of leadership for Phi Theta Kappa and SGA, a member of BSC and an Ambassador and a work-study in the Holmes Financial Aid/ Business Office. She was named Freshman Homecoming Maid Supreme, Student Body Maid and voted a Class Favorite both years. Her community service includes serving as a judge for the Grenada School District reading fair and science fair, participating in a soft skills workshop with Phi Theta Kappa and helping with an SGA toy drive for St. Jude. Upon graduation from Holmes, Devine plans to transfer to Mississippi State University to pursue a bachelor's in educational psychology. After that, she'll continue her education by pursuing a master's in educational counseling.

grenada

Bailey Marshall, son of Bailey and Will Marshall, is a pre-med major with a 4.0 GPA, a President's List scholar, a Woodward-Hines Education Foundation College Corps Scholar, a Phi Theta Kappa member and BSJ member. He has done all kinds of community service including assisting, volunteering at the Charlie Workham Follow Your Heart Art Fair, assisting with a Cindy Hyde-Smith event, assisting with a Lt. Governor Tate Reeves event, assisting at the President Trump rally in Southaven, helping with five political gatherings with the Grenada County Political Youth Committee and assisting numerous students with their FAFSA. Marshall has also volunteered at the local nursing home and aided in the collection/donation of food and apparel items for the local food bank. Upon graduation, he plans to attend the University of Mississippi to pursue a bachelor's in science, then further his education at UMMC in Jackson to receive his doctorate. Marshall plans to specialize in radiology and is able to start a construction business on the side. While at Holmes, he worked in the Financial Aid Office and also at Marshall's Motor Works in hopes of saving enough money to pave the way for his goals.

Undress McLellan, daughter of Undress McLellan and Roby McLellan, is a student in the Holmes Physical Therapy Assistant (PTA) program. She is very active on campus. McLellan is an Ambassador, Phi Theta Kappa member, Student Government Association representative and Baptist Student Union member. McLellan is also a President's List scholar who received the Biological Sciences Award for first man/via and was named a Class Favorite. Her community service includes serving as a tutor for the reading folks in the "Grenada 300" for District and participating in a campus toy drive for St. Jude. After graduating with her Associate in Applied Science in the Physical Therapy Assistant Program, she will be ready to enter the physical therapy field and help those in need.

Holmes Community College's Phi Theta Kappa chapters attended Spring Convention at the University of Mississippi March 6-8. The Alpha Mu Beta Chapter from the Grenada Campus was named a 5 Star Chapter and won first place in the Honors and Action Theme 2 category. Additionally Grenada Advisors Cynthia Abel and Bethany Miller received Horizons Advisor Awards and Ivey Dawne was named a Golden Key Scholar.

The Kappa Alpha Chapter from the Goodman Campus was also named a 5 Star Chapter and Terri Jo Banks was recognized with the Horizon Advisor Award.

Additionally the Alpha Lambda Sigma Chapter from the Ridgeland Campus was named a 5 Star Chapter, placed second in the Honors in Action Theme 3 category and 3rd in the Distinguished Honors in Action category.

Ridgeland Campus Advisors Lisa Anglin and Laura Conrad received the Horizons Advisor Award, as well, and Nathan Wildhaber was named a Golden Key Scholar.

Dr. Jim Haffey recognized with Gordon Award of Distinction

Phi Theta Kappa Honor Society (PTK) recognized 13 college presidents, including Holmes Community College President Dr. Jim Haffey with the Shirley B. Gordon Award of Distinction. These awards are given to college presidents who have shown strong support of student success on their campus by recognizing academic achievement, leadership and service among high-achieving students at their colleges.

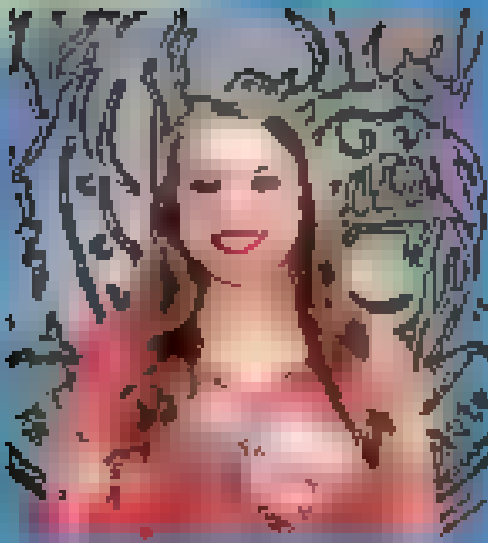

Recipients are nominated by students on their campus and are only eligible to receive the award once over the course of their career. The Shirley B. Gordon Award is Phi Theta Kappa's most prestigious award for community college presidents and is named in honor of the late Dr. Shirley B. Gordon, Phi Theta Kappa's longest-serving Board of Directors Chair and a founder and long-time president of Highline Community College in Washington.

The other 2020 recipients are: Dr. Crystal Albrecht, Alvin Community College, Texas; Dr. Jo Anne Blonchin, Clark State Community College, Ohio; Dr. Warren Brown, North Seattle College, Washington; Dr. Mary Graham, Mississippi Gulf Coast Community College, Mississippi; Dr. Donald Green, Georgia Highlands College, Georgia; Mr. Thomas LoBasso,

Daytona State College, Florida; Dr. Sean Madison Tarran, Cuyahoga College, Texas; Dr. Michael McDonough, Haddon Valley Community College, New Jersey; Dr. James Dale, J.D. Rothweiler, Cochise College, Arizona; Dr. Avel Tobin, Orangeburg-Columbia Technical College, South Carolina; Ms. Jennie Vaughan, Ivy Tech Community College, Indiana; and Dr. Gregory Williams, Odessa College, Texas.

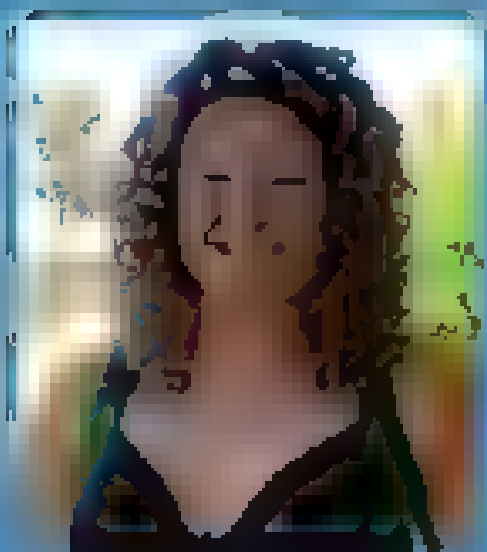

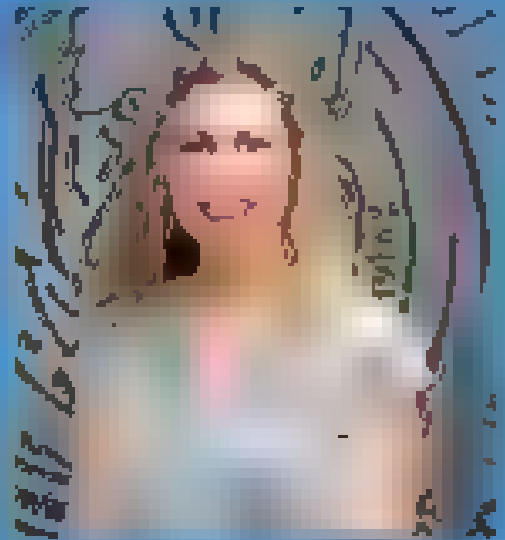

Phi Theta Kappa is the premier honor society recognizing the academic achievement of students at associate degree-granting colleges and helping them to grow as scholars and leaders. The Society is made up of more than 5.5 million members and nearly 1,300 chapters in 41 nations, with approximately 240,000 active members in the nation's colleges.

Phi Theta Kappa

KACIE BECK, daughter of Tonda and Mark Beck, is an elementary education major, a President's List scholar and vice president of leadership for Phi Theta Kappa on the Grenada Campus. She also serves as an Ambassador SGA secretary and as a member of the Baptist Student Union. Beck was voted a Class Favorite both years at Holmes and participated in Beauty Review. Her community involvement includes serving as a judge for the Grenada School District reading and science fairs, hosting a soft skills workshop with Phi Theta Kappa and helping with vacation Bible School at her church. Beck enjoys spending time with friends and family, going to church and painting. Upon graduation from Holmes, she is transferring to Mississippi State University to pursue a degree in elementary education and become a teacher.

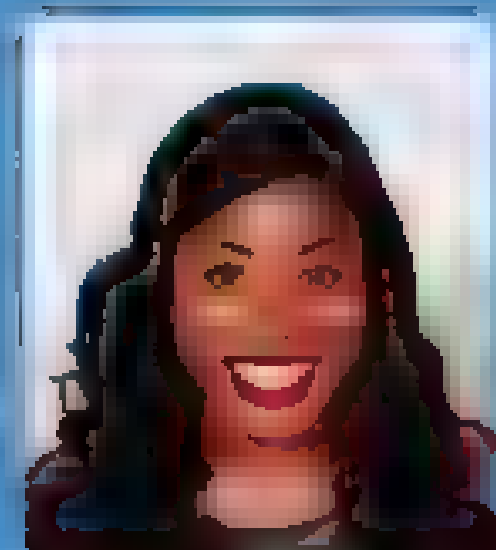

IVAN DEVINE, daughter of Shannon and Bill Devine, is a psychology major on the Grenada Campus. She serves as president of both SGA and Phi Theta Kappa. Devine is also an Ambassador work study student for the Financial Aid Department. Hall of Fame inductee, President's List scholar, Freshman and Sophomore Class Favorite, as well as Freshman and Student Body Homecoming Maid. She enjoys reading, traveling, cooking and doing puzzles. After Holmes, she plans to attend Mississippi State University and earn a bachelor's in educational psychology and a master's in counseling. She'd like to become a high school or college guidance counselor.

SARAH ELIZABETH HARDY, daughter of Melanie and Shane Hardy, is a psychology major on the Goodman Campus. At Holmes she is a cheerleader, Ambassador and Phi Theta Kappa president. Hardy is a Scholar Athlete and President's List scholar who was nominated for Hall of Fame and won the Cheerleading Leadership Award as a freshman. On Campus, she volunteers with Hope Hollow Ministries, Operation Christmas Child, is a children's church teacher and has packed care packages for military members. After Holmes, she plans to attend Delta State University to pursue a bachelor's degree in psychology and then attend the University of Mississippi Law School to earn a degree in criminal law.

all-academic

gracie macgown, daughter of Sacha and Mike MacGown, is a chemistry major on the Ridgeland Campus. She is an officer for the Alpha Lambda Sigma Chapter of Phi Theta Kappa and in her free time, volunteers at Wobster whenever she can. MacGown also serves as a nanny for two girls after school and over the summer. After graduating Holmes, she plans on attending the University of Mississippi and majoring in biochemistry with a pre-med emphasis. She also plans on minoring in Spanish. After that, MacGown's goal is to go to medical school and pursue her dream of being a pediatrician.

Shakera Smith, daughter of Carina Smith and Rodney Smith, Sr., is a pre-nursing major on the Goodman Campus. She is a member of the Holmes Cheerleading squad, Voices of Praise and serves as a MOSAIC tutor, as well as an MC2 tutor. Smith serves as Phi Theta Kappa Vice President of Membership, is a President's List scholar and received the Cheer Award. Off campus, she is a volunteer at Choctaw Medical Clinic of Ackerman and a tumbling coach at The Fitness Company. Her future plans are to attend medical school and pursue a career in the healthcare industry, specializing in surgery.

Nathan Wildhaber, son of Triana and Daniel Wildhaber, is an electrical engineering major on the Ridgeland Campus. He is president of Phi Theta Kappa, received the Golden Key Award and is a President's List Scholar. Wildhaber's hobbies include fitness, reading and making music. Upon graduation from Holmes, he plans to pursue his bachelor's degree from Mississippi State University and then seek employment in the field of control systems and robotics until he can start up his own business in that industry.

SkillsUSA Takes Third in National Competition

On June 24-26, 2019, students and advisors from the SkillsUSA Chapter of Morris Community College Technical Campus attended the national SkillsUSA competition in Louisville, Kentucky. The week-long event yielded seven medals to Southern students. Members of the Opening and Closing Team competed in 2019/2020 in Jackson at the SkillsUSA state competition, where they earned first place and secured their spot to represent Holmes and the state of Mississippi at the national level. The Opening and Closing Team was coached by veteran Anne Westbrook who, with Jeffery Lee, was on the opening and closing team that won first place at the state and third at the national. Jeffery Lee had served as the coach for the team back in 2017 and again this year during the 2019 surge that finished third in Mississippi.

It's not a surprise, the success felt, that is, success was achieved through "We had a good, good foundation and strong support for a moment to stand on and under the storm." Jeffery Lee said. "Foundation was not a one-dimensional, responsible to provide to economic public spending. It was a mix of public, private, but of students and business companies."

Months of organizational, speech preparation and preparation went into the success of the team and their accomplishments. This particular year was more challenging than others in that the team had expressed student members from five different technical schools. The school presidents of those five schools, students, advisors, and business leaders all played an active role in their area of expertise.

Members of the 2019 SkillsUSA Opening and Closing Team were Anne Westbrook, president, Tisha Duffin, vice president, Jeffery Lee, treasurer, David Harty, secretary, Corey Boone, reporter, David Lee, parliamentarian and Lauren Emma Westbrook.

Pictured are members of the 2019 SkillsUSA Opening and Closing Team. They are (left to right), Audrey Elmore, historian (cosmetology); Jada Ward, treasurer (cosmetology); Tarnika Parnam, vice president (welding); Halle Westbrook, president (architectural engineering technology); David Harty, secretary (HVAC); Corey Boone, reporter (industrial technology); and Devin Lee, parliamentarian (HVAC).

Commencement

Holmes Community College held its 91st Commencement Ceremony on May 10 in Frank Branch Coliseum on the Goodman Campus. The ceremony for Goodman and Granada campuses and the Article Center was held at 10 a.m. The ceremony for the Ridgeland Campus and the Yazoo City location was held at 2 p.m.

2019

President James Kincaid, unique Vice President of Scholarship for the United Negro College Fund, spoke during the ceremony for students from Goodman and Granada campuses.

Adjunct Professor Margie Ann Proctor, of the Business Department, presented the award for the top graduate from the Ridgeland campus.

Performers included the Holmes Community College Band, the Holmes Community College Choir, and the Holmes Community College Jazz Band.

A featured are the graduates from the Goodman and Granada campuses who were inducted into the Hall of Fame. They are: Mary Morgan Stafford, Hattie Westbrook, Jake Shipp, Maxine Taylor, and the graduates from the Ridgeland campus who were inducted into the Hall of Fame.

FACULTY & STAFF

HONORS

FACULTY & STAFF

HEADWAE 2020

Each year the Mississippi Legislature hosts the Higher Education Appreciation Day "Working for Academic Excellence" (HEADWAE) program to recognize and honor 18 academically-excellent faculty members and students of Mississippi's higher education institutions. The 33rd HEADWAE recognition event was held on Monday, March 2 at the Mississippi State Capitol. Honorees from Holmes included Angela Jones Miles, a mathematics instructor, and Britton Engle Grace, a civil engineering major. Miles teaches and Grace is a sophomore on the Goodman Campus of Holmes.

1. Pictured are honoree Angela Miles, Holmes President Jim Hallay, and honoree Britton Grace

2. Pictured are Angela Miles and Britton Grace

3. Pictured are (front left to right, Vice President for Academic Programs Dr. Jenny Bailey Jones; Wendy Grace, student honoree's mother; back left to right, Sen. Miles for life honoree's husband; Faculty Honoree Angela Miles; Holmes President Dr. Jim Hallay; Student Honoree Britton Grace and Bill Grace, student honoree's father) at the 2020 HEADWAE event.

Miles, who has worked at Holmes for 14 years, holds an associate degree from Jones College, a bachelor's in mathematics from Delta State University and a master's in mathematics education from Mississippi State University. She is a National Board Certified teacher in mathematics and a member of the Mississippi Collegewide Mathematical Association. Previously, Miles received the 2009 Phi Theta Kappa Sally Winder Distinguished Educator Award and was named a 2013 Holmes Spotlight Teacher.

"Angela deserves this award for her countless hours of dedication to her students," said Goodman Academic Coordinator Wendy Groce. "She is always concerned for their well-being and will go out of her way to make sure they understand and excel in her classes."

She is also always willing to serve on numerous committees and pitch in to help with improvements needed. There is no a work that goes by that Angela does not take time to see if it can help them in any way. She is tremendous behind-the-scenes support system for me from a mom's standpoint. I can tell you for sure that she is an excellent instructor who has a way of making sure her students know her difficult subject areas and are very well prepared to move on to the next level of the university."

Outside of Holmes, Miles is an active member of Williamsville Baptist Church's Women's Group Ministry and enjoys spending time with her family. She and her husband Stuart have three children: Whitney, Jeffery and Anna, and two grandchildren, Powell and Collins.

Angela Miles

A graduate of Kosciusko High School, Grace is the son of Wendy and Bill Grace. He is a student-leader who stays busy as a Holmes Plus Scholar, an Ambassador, a Baptist Student Union Lead Team member and a member of Phi Theta Kappa Honor Society. He also is manager of the Bulldogs school team, a math lab tutor and a work-study student for both the Athletics Department and Academic Programs. He escorted the 2011 Homecoming Queen, Kati Saxton, and served as a Parade of Regalia member as well.

"Brit is one of the best students in my class, both in engineering mechanics and single-term physics," said George Savakoff, physics and engineering instructor. "He is curious, hard-working and most importantly, diligent in his work. We have had several discussions in and out of the classroom on the topics related to course content or academics and I have enjoyed every bit of those conversations with him. He is a good listener, but does not hesitate to ask questions if he thinks something is missing in the discussion. It is a dream of a teacher's to have students like Brit. In his class, I wish him a very bright future ahead."

Grace is also a Board of Trustees ACT scholarship recipient, a President's Scholar, a Scholar Athlete and has a perfect 4.0 GPA.

"Brit has had and continues to maintain an excellent overall average in both Calculus II and III," Miles said. "He has also demonstrated some leadership qualities such as being a diligent and organized student in his researches. Brit is usually direct, accurate and to the point. He pays attention and strives to perform well in class. I am confident in saying that he deserves this recognition. Even though he is involved with many campus activities, he is a great representative for the Holmes Plus program. He is a wonderful student with a positive attitude."

Brit Grace

CORONAVIRUS

The Coronavirus, also known as COVID-19, shocked and affected everyone as it took the world by storm. Originating in China, the virus has been labeled as a pandemic because of how quickly and how far it spread. COVID-19 is similar to the flu but is much more contagious. Many people feared we'd have to go on lockdown, causing them to raid stores to get all of their essentials plus more. Many stores quickly began to run out of toilet paper, hand sanitizer and many non-perishable food items as well. Because of all the frenzy lots of retailers began to raise their prices in hopes to make more money. For example, at Madison's local Sam's Club, tissue was raised to \$20 a pack.

President Trump and the CDC suggested that Americans self-quarantine and only go out if it was absolutely necessary. Social distancing seemed to be the solution to keep everyone safe and protected from the coronavirus. When the CDC recommended we stay in groups of 60 or less, Holmes President Dr. Jim Halfey was quick to make that possible. Dr. Halfey wanted to make sure students and faculty stayed safe during this scary time. He implemented that we immediately switch any face-to-face classes to strictly online for the time being. By doing so, students were still able to complete their courses and not lose any of it. Students worked from home, but were still able to connect with their teachers when it came to class work. This method of teaching got the job done for Holmes faculty and staff.

Due to panic buying during the early stages, we've felt a significant drop in our bread sales at Kroger in Columbus, Mississippi.

Holmes Ridgepoint Campus Ambassador Sam Williams of Brandon, Mississippi, can be reached through smw@holmes.edu. March 18

Many local businesses and service areas were some of the first things to be added to the shelves, but toilet paper wasn't in demand in cooperation for COVID-19 quarantine. Which happened some places, people shopped in panic mode, causing grocery stores to run out of necessities. We were blessed with a lot of support from the local people. A gas station in Madison, along with some others, even sold individual rolls of paper in bulk.

Spring semester classes at Holmes started back March 8 in an online format as Holmes did its part to help fight the spread of the coronavirus (COVID-19). The college moved 748 academic and career technical classes to an online format, which included 3,600 individual students. During the spring semester, 5,710 Holmes students were being taught and receiving instructional support. Plans were also made to host individual training for career and technical students in addition to their career content.

Dr. Hatley was proud of the effort as instructors and administrators made to keep students on track to finishing the spring semester in a timely manner.

"We take a lot of pride at Holmes at being flexible and responding in our circumstances and quickly," Hatley said. "That is a culture that our instructors and employees embrace."

Director of Learning Tech Stewart said her staff was eager to help the on-campus instructors convert their classes to online.

"Since our e-learning program has 20 years of experience, we have a wealth of information that we are able to share with instructors and students, including basic instructions, training manuals and tips for the online classroom," Stewart said. "We are doing all we can to help all those involved with this transition to be prepared and ready for what the weeks ahead may entail."

Vice President for Academic Programs, Dr. Jenny Jones said once she knew a transition from on-campus to online was happening, her staff and instructors went to work getting this accomplished.

"Our instructors were able to give their face-to-face courses and start converting them to fully online within days," Jones said. "Of course, none of this would have been possible without the outstanding support from the e-learning department; they have been the backbone of this massive undertaking. We want to ensure that our Holmes students know that we are all here for them and will support them in the days ahead. There's 'No Place Like Holmes!' has never been more evident than now."

Holmes also identified several areas at each location where students could park and work on their assignments in their vehicle if they had arrived on campus from homes. Students had the opportunity to pick up WiFi on the Goodman Campus, along Montague Street, on the Ridgeland Campus in the parking lot in front of Ascock Library, on the Granada Campus in the parking lot on Avant Drive near the Phillips Building and at the Atlanta Center in the big parking lot.

Goodman Campus Police Officers set up signs to let students know about the available WiFi.

2 Business and Office Technology Instructor for Holmsa Myrick's business accounting class meets over Zoom.

3 Jacob Silver of Durant works in his car outside of Goodman Campus, using the school's WiFi.

4 Student, Jacob Gray, works inside his Goodman Campus using the free WiFi to complete the homework.

A photograph of two women, likely scientists, standing side-by-side in a laboratory. They are both wearing white lab coats over dark clothing. The woman on the left has blonde hair and is looking towards the camera. The woman on the right has dark hair and is also looking towards the camera. They are standing in front of what appears to be laboratory equipment, including a large piece of machinery with a circular component.

A close-up photograph showing a person's hand holding a small, translucent, multi-colored object. The object has a rainbow-like gradient, transitioning from red and orange at the top to yellow and green at the bottom. It appears to be a piece of candy or a small, soft toy. The background is dark and out of focus, with some indistinct shapes and colors.

A close-up photograph of a person's feet wearing vibrant, multi-colored sneakers with white soles. The shoes feature a mix of green, yellow, and red patterns. The person is standing on a light-colored, possibly wooden, floor.

4. Hydro Flask water bottles are a new trend. They come in a variety of colors, and people usually decorate them with their own interesting designs.

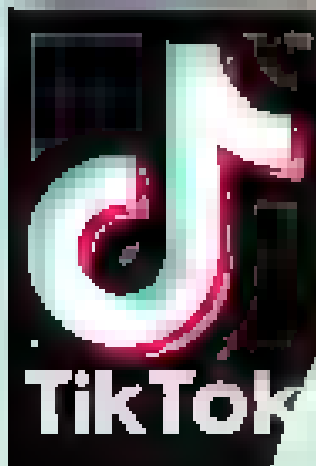

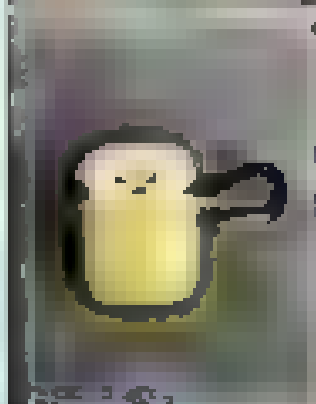

5. Checkered shirts are becoming a popular item. These shirts are easy to pair with just about anything.

6. Many people have gotten a hold of Apple's new headphones.

The app TikTok became really popular in 2019. It's easy to learn and it's entertaining as well as addictive.

8. Panda socks have gotten back into style this year. These socks add the perfect touch to a look and look any style up.

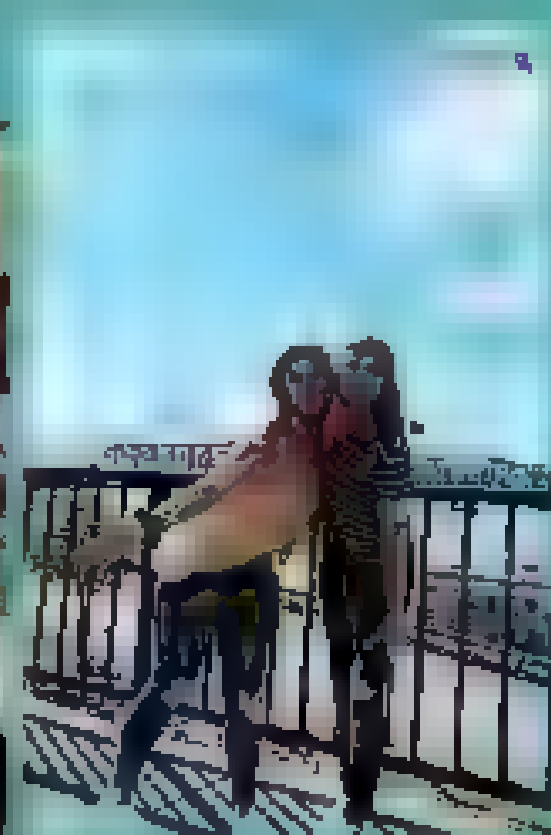

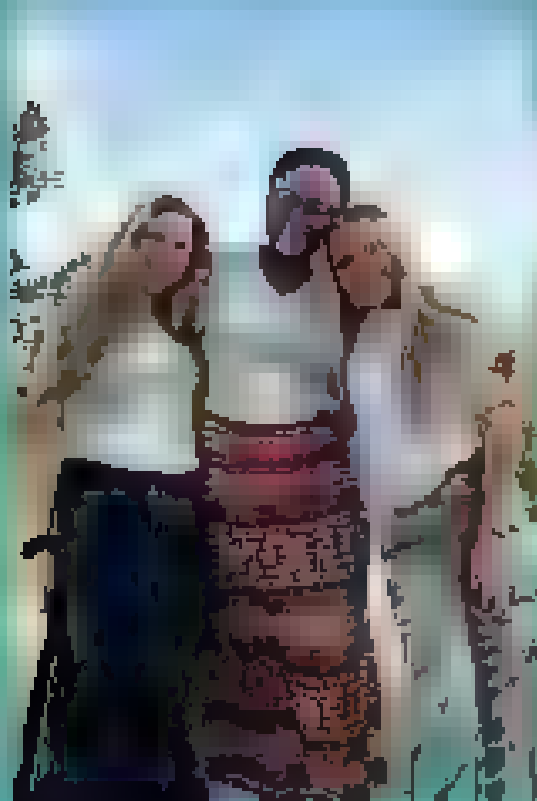

9. Zach Bryan's album, "American Heartbreak," is a new album. It's a new album by a new artist and it's a new sound.

What's Trending at Holmes

Although COVID-19's arrival caused many people to stop in their tracks, some students at Holmes were fortunate enough to still carry out their Spring Break plans before things got bad. No matter how big or small a vacation seemed, students were able to fully enjoy themselves before properly social distancing the following week. Needless to say, plans or no plans, Spring Break 2020 was definitely one to remember.

1. Left to right: Mary Grace Kelley, Ringeland Ambassador and a friend and Micah Moore pose for the camera while on a mission trip in Mexico.

2. Aylisana Wilson and her sister pose with their girls from Dave and Busters in Houston, Texas.

3. Loren LaChance and Adore Fickow shop and take a picture in front of the Yorkburg Bridge.

SPRING BREAK

2020

the vice coordinator of Habitat prior to moving to Portland. The Bulldogs also brought in current Habitat Portland Community Program Director, who played for University of Oregon Football, and help run the off-spring camp for football players.

The 2016 season was great for the Bulldogs as the 7th and 8th graders they sent to the 2016 summer baseball camp, the Olympic Edge event in Super Falls, Iowa, returned the summer after the 10. I worked there in the summer.

When you start working with the current and all the future programs? Kenna said "I think what's gotten it to a point like that is largely with highlighting not only in our league but nationally with the highlight of winning the bowl game."

The past season, the Bulldogs finished in 3rd place in Division 1, played in the Pacific Division with teams from Northwest and East Washington. Habitat worked out on the grounds for a 2016 Fall baseball game.

Why did that specific day go down the way it did? "That season, things were complicated. I am disappointed in my role there that we were busy being able to run our division. Maybe the change will motivate us when they can bring it to next level. We are definitely the best. That's what we are looking at."

It's hard to get the season's momentum. "There's a lot of things that we've accomplished. The thing is when you are the player and the people who really worked hard to help us accomplish what we believe was. That's why you do what you do. That's really helping a lot in a time in their life with a lot of needs. We have lots of players getting things in their lives and helping them to grow."

Though Bulldogs had 40 players participating in last year's experience this season, this is the largest number in school history. Since implementing the program, Habitat has produced 30 players who have played in the NFL over the last 10 years. It's not the same group of players because the coaching staff when Pat LaRocca H-H of Farm/NFL Top 1000 player. That's something for the Bulldogs.

Other players mentioned included John Williams, John Smith, Justin Gentry and Jerry Hill who picked up for the Bulldogs. John Williams also played in the NFL, but Williams is looking for the opportunity 2016-17, goals.

Working them through to players is good, but there's something about it. "I remember when I'm not expecting the success of being making it to the NFL, that's a gift from God that enabled them to get there. They're a lot of work to get to that point of it. They're players and helped because they're looking for the next goal."

productive outcome in reality is what it's all about. We helped them get an education. It's not just about making it to the pros. It's the journey that got us there."

There are together an amazing working staff. It's about the Habitat's working experience. Coach Gentry said about the 2016 summer camp a part of our 2016 Habitat's experience and 2016 season.

"This has been a wonderful" he said. "There's a lot of coaches and staff getting in the work and what that means is a tremendous experience. That's one of the positives. When you get the really good coaches. They don't stay around long because they're going to have other opportunities, but that's part of having a good program. We have former coaches in the NFL, NFL and major Division 1 programs. That's been helping them develop great."

There's a lot of things that we're doing to make sure they are having a good experience. We're making sure they are having a good experience."

"It was a great experience program that what most people do. We said 'We're a coach, I don't believe in experience. There's a lot of things in the summer. Why not get them the best coaches? That's what we're doing. That's what they do. We're making sure they get the best coaches and help them to get the best coaches and help them to get the best coaches."

We have a lot of things that we're doing to make sure they are having a good experience. We're making sure they are having a good experience."

"The idea of working" he said. "There's a lot of things that we're doing to make sure they are having a good experience. We're making sure they are having a good experience."

We also want to be there at a "Great Night" that part in the "Great Night" he said. "I believe that's a way to get the best coaches."

With these differences in promoting Habitat Portland 2016 season started the beginning of the 2016 season. There's a lot of things that we're doing to make sure they are having a good experience. We're making sure they are having a good experience."

There's a lot of things that we're doing to make sure they are having a good experience. We're making sure they are having a good experience."

"I believe that's a way to get the best coaches. I believe that's a way to get the best coaches."

BULLDOGS Softball

the Bulldogs softball team is looking to make a strong statement in the upcoming season. With a new coach and a group of talented players, the team is confident they can achieve great success.

The team's success will be measured by their performance in the upcoming season. They will be looking to win as many games as possible and to finish the season with a strong record.

OPENING CONVOCATION 2019

On Monday, Aug. 12, Holmes Community College celebrated the upcoming school year with an Opening Convocation on the Goodness Campus. This year's theme was "Back to the Future," giving employees an opportunity to rock their 80's gear if they felt inclined. In addition to the employee picnic and mingle, a recognition of new employees, a welcome message by President Dr. Jim Haffey, and breakout sessions by department, the institution also recognized those who have reached milestones for their years of service to Holmes.

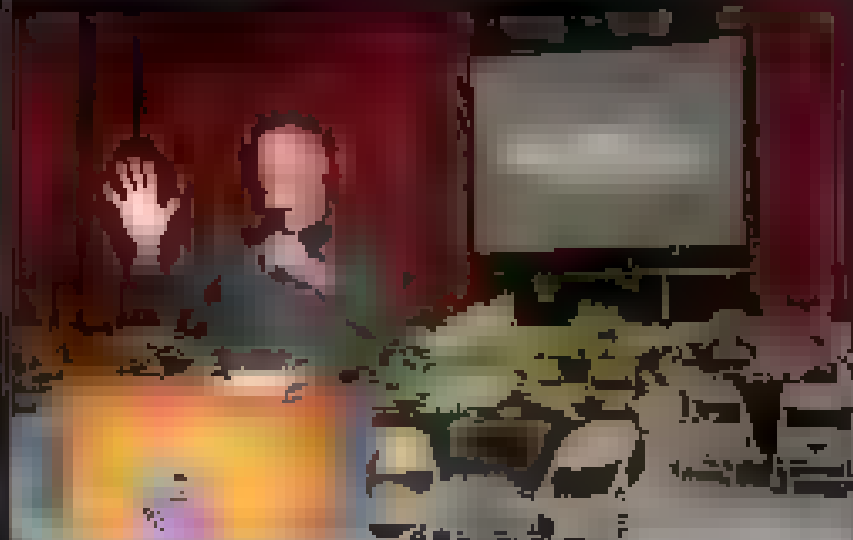

Pictured are some of the Holmes cheerleaders who celebrated with Opening Convocation 2019. They are (front row, left to right) Mallory Mackenzie, Sarah Elizabeth Hardy, MauriBeth Gehrig, Abby Holmes, (standing, left to right) Parker Jones, Spencer Burden and Logan Neal.

Faculty and staff give Terrell Hammons a standing ovation as she is recognized for 25 years at Goodness Campus.

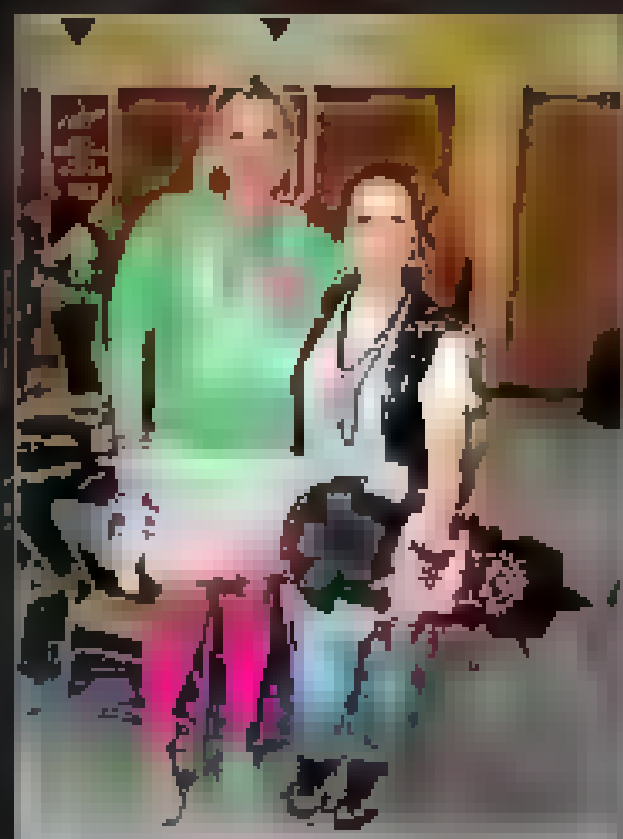

Aurora's Technology Instructor Derrick Kelley welcomes everyone to Opening Convocation 2019 before opening in prayer.

Pictured is the 2019-20 sleeping staff. Sleeping celebrated 20 years this school year. They are pictured (left to right) Kaseidy Wintstead, Chanda Sykes, Nancy Parker, Jacqueline Bell, Chet Bengaroh, (standing, left to right) Alan Kinsey, Heather Cecil, Tish Stewart and Taylor Yarbrough.

Designer Stephanie Wood shows off their best 2020 look in honor of the Back to the Future-themed Opening Convocation.

(left to right) Information Systems/Technology Instructor Michael Petrelli and Holmes President Dr. Jim Hoffman (AKA Dr. Ernest Brown and Marty McFly) stop for a photo in front of the Time Machine during the Back to the Future-themed Opening Convocation.

Service Recognition 2019

79 FOUNDATION

1 On left Jack Daily celebrates a good shot with Dr. Luke Jones and Bryan Orrmann.

2 Members of the winning team Mitchell Menul Productions included (left to right) Brad Lyle, Trent Adams, Carly Williamson and Austin Taylor.

Dr. Larry Webster gives it his best shot during the tournament.

4 The Second Eight Women Team Premier Black & Grey stops for a photo. They are Wren Carter, Brenda Henderson, Shig Brownrigg and Poline Hargreaves.

5 The Third Eight Women Team Premier (H&H Architects) poses for a photo. They are (left to right) Brenda Webb, Bryan, Jeff McGee and Emma Dayneke.

GOLF TOURNAMENT

1 One of the teams sponsored by Holmes Football stops for a photo. The team includes (from left) Steve Budge, Don Van-Horn, and Jack D. Hall.

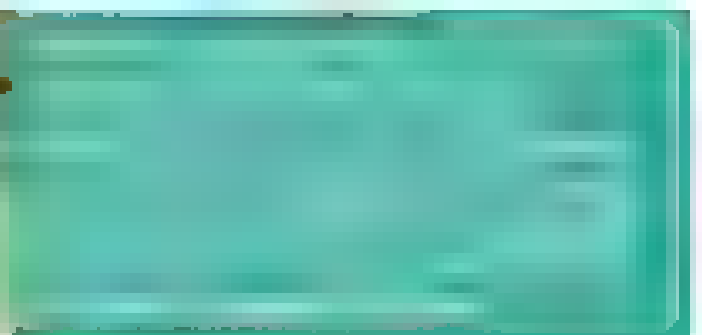

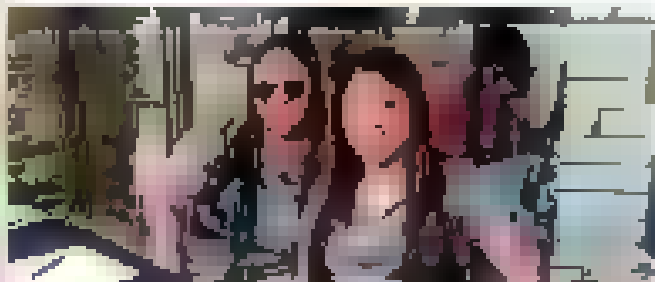

2 (left to right) Norman Bonjurnal, Employee Award Mary Margaret Blakey, Melissa Love and Elizabeth Martin stop for a photo. (L) (R) (L) (R)

3 Holmes Athletic Director (left to right) Linda Griffith and James Patten are ready to break records in the golf tournament.

4 (left to right) Dr. Amy Willington, Altona DelVecchio, Heather Manning and Angela DelVecchio stop for a group photo.

5 Peter Hunt with D.H. Van der Pijl's donated the awards for the tournament.

6 Special Olympic way of making a record by C. Spivey for having the longest drive.

## Kenny Dupont

Coach Kenny Dupont joined the Holmes Diamond Dogs Coaching Staff in '96 as an assistant coach in charge of the pitchers, hitters and recruiting. During that season, the Dogs earned their first playoff trip to the NJCAA Region 23 Championship Tournament.

During Dupont's later seasons as assistant coach, the Dogs had winning seasons and earned two trips to the NJCAA Region 23 Championship Tournament. After leaving HCC, 20 of those players went on to play for universities and two were drafted into the Major League Draft. Since Dupont became head coach in 2000, the Dogs have had 17 straight winning seasons with seven trips to the NJCAA Region 23 Championship Tournament, and seven trips to the MACJC State Championship Tournament. At the close of the 2001 season, the Dogs were ranked 20th in the NJCAA national baseball poll with an overall record of 34-11. The Dogs finished the 2002 season ranked 10th with a 34-15 record. During this time, the Bulldog baseball program has had 133 players go on to play at universities and 27 who have been drafted or signed to play professional baseball.

The 2009 Bulldogs finished runner-up in both the MACJC State Championship and the NJCAA Region XXIII Championship Tournament. The Bulldogs won the MACJC North Division Championship in 2011. They also finished third in the MACJC State

Championship Tournament and third in the NJCAA Region XXIII Championship Tournament. Dupont coached the most famous Dirthag of all time, Roy Oswalt, from 1996-1997. Oswalt was drafted out of Holmes by the Houston Astros. He is a MLB All-Star, MVP of the MLB Playoffs, pitched in the World Series and a future Hall of Famer.

Prior to Holmes, Dupont served as an assistant baseball coach at George C. Wallace Junior College under the legendary Coach Sammy Frazier. Then he served as assistant baseball coach at Nicholls State University in Thibodaux, Louisiana. Dupont was a scout for the Baltimore Orioles conducting tryout camps from 1992-2010 under Scouting Supervisor Mike Tulker.

Under Dupont's direction, the HCC Baseball Program has won 557 games since the 2000 season. Dupont is a member of the Mississippi Coaches Association, American Baseball Coaches Association and the Crookneck Diamond Club and MLB IDI, reviving baseball in the inner cities. His overall record at Holmes is 557-348. Under Dupont, the Bulldogs have competed in the MACJC State Tournament during the 2001, 2002, 2003, 2005, 2006, 2009, 2010, 2011 and 2014 seasons and in the Region XXIII Tournament from 2000-2006 and 2008 and 2011.

"Out of the 25 years Coach Dupont has been at Holmes I have gotten the pleasure to work with him 24 of those years," said Coordinator of Athletic Programs Sue Jackson. "He's turned countless baseball players into young men. He not only coached them baseball, he was a mentor to them. He taught them to respect themselves and others and to work hard to reach their goals. A lot of his former players live and coach by the same rules he installed in them when they played. DirtroadLife!"

Dupont has two sons, Brister (Clair) and Owen. Brister and Clair have one daughter, Ellen, who is the apple of her grandfather's eye.

## Katrina B. Myricks

Durant native Katrina B. Myricks attended Holmes Community College on a basketball scholarship before going on to earn her bachelor's in business administration from Delta State University and her master's from Mississippi State University. She has also completed additional graduate studies at MSU and Jackson State University. Her journey into becoming an educator began when she worked for Mississippi Power & Light company and was involved with their Stay-in-School program.

She is retiring from Holmes after 28 years as a business and office technology instructor and Phi Beta Lambda business society advisor on the Ridgeland Campus. During her time at Holmes, she has made quite an impact on her students and colleagues. In 2005, she was named Community College Business Educator of the Year by the Mississippi Business Education Association. In 2013 she was one of the Mississippi Business Journal's 50 Leading Business Women and in 2014 she was named one of the "Gentlest People" by Mississippi Business Journal. Myricks was also named Best Teacher in the 2015 Clanton Ledger Best of the Best contest.

Even years before these recognitions, she was no stranger to the spotlight. In 1982, she was crowned the first African-American Mrs. Mississippi USA and went on to place as a finalist in the Mrs. USA International Pageant. Over the past few years, she has remained in the spotlight, serving as a beacon of hope to others as she shares her story of surviving breast cancer over the past six and a half years. Myricks has appeared on news shows, magazine covers and various other publications, sharing her story as a way to educate and encourage others. Her heart for educating and encouraging others is always apparent to her students and co-workers, as well.

"Over the years, she has been my mentor, department chair, colleague, but most of all my friend," said Business Technology District Department Chair NaTunya Johnson. "In my eyes, we've had an ideal working relationship with absolutely NO misunderstandings - EVER! I attribute that to us both subconsciously delineating and amplifying each other's strengths and weaknesses while keeping the enrichment of our students, goals of the BDT department and mission of Holmes in the forefront. Through my admiration of her wisdom and values, I have learned so much from her. In the workplace, she is truly the 'Yin to my Yang' and I will miss her dearly."

Myricks and her husband, Earl, have one daughter, Karlin. She is a senior at Germantown High School. They reside in Madison and are active members of New Hope Baptist Church.

The 2020 edition and 91st volume of Horizons is a publication of the Holmes Community College Communications Department and students on the Horizons Yearbook Staff. The Marketing Department contributes to Horizons, as well.

Founded in 1897, Jostens is the publisher of Horizons. Jostens is an American manufacturer of memorabilia primarily known for its production of yearbooks and class rings for high schools and colleges as well as championship rings for sports. Without their help, we would not be able to provide you with a quality publication each year.

n-focus Photography took the Faculty, Staff and Student headshots. This is a major component of the book, and we are proud of the work they do. Without the help of our amazing Holmes family, we would not be able to produce a yearbook of this caliber. We would also like to thank the Holmes Community College Board of Trustees for allowing us the opportunity to produce this book on behalf of the institution, its Faculty, Staff and Students.
